

MS Dream Center

November 2025

Dear Friends,

As we move into our 16th year of operation, we continue our initiative to improve and expand the array of programs we offer to those living with MS, their family and friends.

In August of this year, the MS Dream Center purchased a Myocycle FES Cycling Therapy System. The bike works by using small amounts of electricity to help muscles to contract and produce functional movements. Our members are enjoying the challenge of riding the bike while strengthening their legs and lower bodies. The need for more technical equipment is always a necessity, and our goal is to purchase more in the future.

My “dream” from day one has been to provide all services free of charge, and thanks in part to your generosity and support we have been able to fulfill that mission. We have also been fortunate to have outstanding sponsors and grant support from local foundations, as well as success at our annual fundraisers. We are truly blessed to have so many friends and supporters. Without your continued support, we would be unable to provide meaningful services, as well as provide a welcoming environment where our members can continue to enjoy camaraderie and support one another.

We cannot thank you enough for your past support and know that these are tough times for many who struggle from day to day. We humbly ask if you are able to consider the MS Dream Center in your holiday giving this year.

Donations can be sent to: MS Dream Center, 300 Toll Gate Road, Suite 104, Warwick, RI 02886, or via our website: www.msdreamcenter.org.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Marie Perna', with a small flourish at the end.

Marie Perna

Founder & Executive Director
